

## **Visualizing and Predicting Heart Diseases with an Interactive Dashboard**

Date	18 October 2022
Team ID	PNT2022TMID19891
Project Name	Visualizing and Predicting Heart Diseases with an Interactive Dashboard

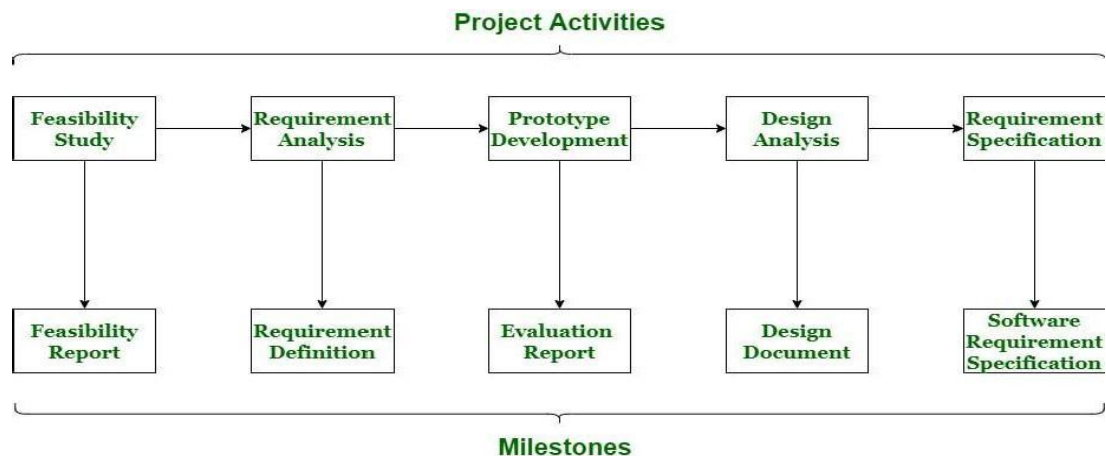

## What is a project milestone:

A milestone may be a marker during a project that signifies a modification or stage in development. Milestones are powerful parts in project management as a result of they show key events and map forward movement in your project arrangement.

Milestones act as signposts through the course of your project, serving to make sure you continue on track. while not project milestone trailing, you're simply observation tasks and not essentially following the correct path in your project.

## What Is a Milestone Schedule:

A milestone schedule, or milestone chart, is just a timeline that uses milestones to divide a project schedule into major phases. Thanks to its simplicity, it's used once project managers or sponsors ought to share a summary of the project schedule with stakeholders or team members while not going over each detail.
